

Bloomsbury Residents' Action Group

BRAG

Residents matter!

● PETITION

BRAG's Petition has been signed by **1083 people** who object to the Tavistock-Torrington Place trial scheme - **which is located in WC1.**

831 signatures are from people who live in the **London Borough of Camden**, of which **92%** are residents of **WC1 (760 signatures)** i.e. from Kings Cross, Bloomsbury & Holborn & Covent Garden wards - plus **5** from **Fitzrovia (W1).**

This means that **71%** of total number of Petitioners who see the scheme as a failure **live in close proximity to Tavistock-Torrington Place** and experience its negative impact on their day-to-day lives.

The Tavistock-Torrington Trial (Experimental Traffic Order) is a failure and we, the undersigned call for this Trial now to be abandoned

RESIDENTS' PETITION 2010

Fed up with the traffic jams, pollution and chaos caused by the recent road changes ?

The current 'experimental' one-way system on Tavistock Place has caused havoc in the area south of Euston Road between Tottenham Court Road and Gray's Inn Road. Now we have

- **Congestion**
- **Pollution**
- **Danger for cyclists, pedestrians and those with disabilities**
- **Emergency vehicles impeded in this high risk area for terrorism**

This one way system was imposed by Camden Council without consulting residents at all.

And more changes are proposed: there would be no entry or exit from Judd Street to Euston Road and no entry from Guilford Street

If you want to stop this join us!
