Dear Claire and Kate

Kilburn Neighbourhood Plan Forum (KNPF)
Application for re-designation

1) Introduction

Kilburn Neighbourhood Plan Forum wishes to apply to be re-designated for a further five year period in line with the relevant Regulations. We understand this will be for a further five-year period during which time we can complete our Neighbourhood Plan and start to implement it.

2) Constitution, Neighbourhood Area and organisation

The constitution has remained the same since designation and KNPF's main focus remains the same, with a particular emphasis on the Kilburn High Road and the issues arising from it being a boundary between two London Boroughs. A copy of the constitution is attached to this application.

The boundary of the area is defined by the attached map. The area was carefully chosen to accommodate the requirements of the Neighbourhood Planning regulations and provisions of the Localism Act. The Neighbourhood Area that has been defined covers the Kilburn localities in both the London Boroughs of Brent and Camden.

There has been a management committee of between eight and eleven members during the life of the Forum. The management committee used to meet monthly plus there were three or four membership meetings held each year including the Annual General Meeting. This of course changed in early 2020 when face to face meetings were no longer possible. The management committee has been meeting every two weeks on Zoom since spring 2020 and has held one virtual membership AGM.

3) Annual General Meetings

October 2016

Presentations by Dr M. Reza Shirazi, on the relationship between compact neighbourhoods and social sustainability and by Maggy Meade- champion of neighbourhood planning

November 2017

On the theme of “Picking the themes – Planting the seeds”

Open discussion by members and supporting organisations which included: other local Forums, use of CIL, facilities for older people, Liveable Neighbourhood Project, music venues, Kilburn Square housing, digital notice board, retail choice

December 2018

History of Kilburn by Dick Wendling and future directions for the Forum

February 2020

Joint activity focusing on the major themes of Business, Community and Environment

March 2021 (Virtual)

The meeting mainly focused on a discussion with Cllr Shama Tatler, Lead Member in Brent for Regeneration, Property and Planning and Cllr Danny Beales Cabinet Member in Camden for Investing in Communities, Culture and Inclusive Economy.

4) Research reports

The Forum has benefited from receiving and commissioning a range of reports to support the direction, vision and major priorities of the neighbourhood plan.

2016

Kilburn Neighbourhood Plan Research and Appraisal

Prepared by We Made That in June 2016, this appraisal report was commissioned by the KNPF “to capture a snapshot of Kilburn as it exists today”. It includes a review of the planning policy frameworks and observational analysis of the NPA

2017

Kilburn Socio-economic Profile

Completed by AECOM in June 2017, this report uses secondary quantitative sources, including ONS Neighbourhood Statistics and the 2011 Census, to assess the four areas of: Demographics; Households and housing; Local economy and Health within the Study Area.

2018

An analysis of sources on the current condition of Kilburn

Completed by Udenson Caldbeck Associates and InformAll in March 2018, this document provides “useful numerical data that describes the current condition of Kilburn and indicates what challenges it may face in the future”. This report uses the same study area as the AECOM Socioeconomic profile.

2019

January

Neighbourhood Planning Design Support

AECOM produced design support to compliment the plan drafting work. The objective was to advise how the plan can promote enhancement of Kilburn High Road by public realm improvements, potential areas of intervention and shop front design guidance

August

Neighbourhood Plan Visioning Document

AECOM produced a second report under Masterplanning. This is a 'visioning document' that addresses an area-wide and locally specific set of issues, organised against a series of themes, that could form the basis of future spatial, social and design policies in the Neighbourhood Plan.

5) *Funding*

- a) In working towards the formation of the Forum there was no general funding though we used a grant from Locality to pay for a consultant to help prepare the Steering Group to apply for designation.
- b) In February 2018 KNPF were awarded a grant from the Community Rights Programme administered by Groundwork, of £5495 to meet the costs of consultancy research, room hire and publicity and website development
- c) In August 2019 we were awarded a grant of £10 000 over two years by the Trust for London. This was mainly to pay for all the costs associated with a major publicity and consultation campaign as we wrote the first draft of our plan and also to meet small, regular administration costs. (The period of this grant has been extended as the intended public campaign had to be postponed whilst the social distancing regulations were in force arising from the pandemic.)
- d) During 2018/19 we also received support in kind from the Locality programme to Neighbourhood Forums of technical support. We were lucky enough to be awarded help under two programmes: design & design codes and Masterplanning. We were provided with two attractively finished reports (referred to above) which have served to inform much of our work since.

6) *Preparation for the plan*

The objectives of the Forum remain as set out in our constitution agreed on 8th July 2015

- a) Promote and improve the social, economic and environmental well-being of the Neighbourhood Area.
- b) Encourage creative, innovative, and imaginative proposals to support planning and development appropriate to the diverse nature of the Neighbourhood Area.
- c) Prepare in partnership with the relevant local planning authorities a sustainable Neighbourhood Development Plan for the Neighbourhood Area.
- d) Enable the participation and involvement of all who live or work in the Neighbourhood Area in the preparation, production and implementation of the Neighbourhood Development Plan;
- e) Foster within and between the Kilburn communities of Camden and Brent a commitment to dialogue and collaborative working.

Since being designated as a Forum we have sort to inform ourselves further of the nature of our area, the planning documents that are relevant to our neighbourhood plan and the views of local people and organisations. Active local organisations are well represented on our Committee including in residents' groups BEST, BRAT, Kilburn Square Co-op and Webheath TRAs plus amenity organisations: Charteris Sports Centre, Friends of Paddington Old Cemetery, Friends of Kilburn Grange Park, Kingsgatewatch, Kingsgate Garden Club, KOVE. Other local organisations continue to be members of KNPF including South Sudanese Women's Skills Development (SSWSD), South Hampstead And Kilburn (SHAK), Sacred Hearts Church and Somali Cultural Centre.

During 2019 we focused very heavily on establishing the key aspects of our vision and objectives, and populating this with the examples of what we considered were important to conserve and what needed careful and informed development. We attach two working documents that indicate the nature of these discussions and decisions.

The intention of course (with the success of fundraising) was to take these ideas to those who live and work in Kilburn to raise the awareness of the work of the Forum and seek further views and opinions. This was the point at which we were prevented from taking further action when restrictions due to the pandemic were introduced in March 2020.

Like most organisations we took several months to assess what was possible at all, and initially gave each other mutual support and did our best to keep the organisation in existence. As we came to the end of 2020 and realised that whatever restrictions are in place, we have to take action to complete the original task of

writing the neighbourhood plan and have drawn up a strategy to achieve this. The document we are using to guide us has already been shared with you as part of the meetings we have been having with you to support the Forum and is attached as part of this application.

We are currently seeking to appoint a consultant with appropriate planning experience and qualifications to help us write the plan.

7) *Local activities*

Throughout the time KNPF has been a designated Forum we have been involved with a large number of local issues. Most of these have been led by ad hoc groups of residents and activists concerned with the particular issues. There have at times been very strong emotional attachments to both sides of the issue. The issues concerned have included

Planning permission for change of use of retail and commercial premises

Permission granted for certain uses, such as bookmakers

The loss of music and entertainment venues on Kilburn High Road

Proposals for redevelopment of residential buildings

Re-current proposals for projects to 'improve' Kilburn High Road

Recurrent issues on land mark sites including Kilburn State, Kiln (Tricycle) Theatre, The National, Grange Park, Kilburn Square, Alexandra & Ainsworth Estate and Kingsgate Community Centre.

All these issues attract a wide range of views, often deeply held and at times bitterly opposed to each other. KNPF has only taken a strong position when the issue is one in which we already have an agreed position in line with our planning vision. More importantly we have always emphasised that the most important actions to be taken is wide-ranging and genuine consultation to be made before irreversible decisions have been made. We have always argued that this is to enable creative and imaginative solutions to be applied that hopefully can attract support from otherwise opposing positions. We have also continued to emphasise that throughout these campaigns KNPF's main purpose is to produce the neighbourhood plan, though we offer expertise to help where we can.

8) *Membership*

We currently have 71 members of which nine joined in 2019, eight in 2020 and 13 in 2021.

We have an accumulated contact list of about 240 email addresses.

We attach a list of over 21 current members with details plus two Councillors and our MP.

We have noted what we have previously said about our previous ambitions for developing and maintaining contacts across all sectors of society in the area.

We do still have those ambitions and we plan a major awareness campaign, making contact with residents and organizations in the Neighborhood Area making them aware of the Forum's activities.

We emphasize that those active in the Forum do represent a wide range of local residents and amenity groups, though accept there are gaps we need to fill and we continue to attract new members from across our Neighborhood Area.

9) *Conclusion*

KNPF has been an active Neighbourhood Forum since its designation in June 2016 as the activities described above show. We believed we were on course for completing our draft plan by the end of 2020, but we were unable to enter into a major consultation phase (for which we had secured the funds) because of the world pandemic. We adjusted our working arrangements during 2020 and 2021 to work remotely and continued to prepare for our draft plan, whilst also maintaining our commitment to work with other local community groups on specific issues as they arose.

We now request re-designation of the Kilburn Neighbourhood Plan Forum to enable all the stages of writing and approving our Neighbourhood Plan to be completed.
